Treasurer's Report – Brian Reiff

- Comparison of last year to this year, we are doing fine this year
- \$1200 was turned in to school, amount collected for piano, believe that Vocal has turned in almost \$6,000 of the \$8,000 that is owed from band and vocal for the piano purchase
- Brian received letters from Wells Fargo wanting to know where to send “Matching Funds”. Would like to change Band parent’s mailing address to the PO Box for everything and change it officially with the IRS, that way we know where everything would be going. Also, Brian would like some bills be sent directly to him so they can get paid in a timely manner.
- Dennis Carlson to be added a signer on bank account – Motion approved to add Dennis Carlson as signer on bank account.
 - Treasurer’s report approved

Old Business

New Business

- Discussed that as an organization come up with a plan for fundraising, something that could be done to take care of the needs for the year also to discuss approaching school board to discuss providing for the growing band with the growing district.
- Foundation requests that Warrior World sell merchandise @ Foundation Dinner and give a small donation and possibly percentage of profit from the sales that night. It was decided that a gift basket w/ approximate value of \$100 will be donated for auction at the dinner. Warrior World would be there to sell merchandise, but as we are a non-profit organization would not donate profits as all profit goes straight to band.
